

# MONTEBELLO

## Land and Water Company

*Established 1900*

In efforts to promote water conservation and preserve our water resources, Montebello Land and Water Company encourages its customers to take advantage of the numerous water conservation, educational and rebate programs available (see below).

## Conservation & Rebates

### **Turf Rebates and Toilet Replacement Rebates**

<http://www.saveourwaterrebates.com/>

"Together, we can save precious water today and invest in a more sustainable future."  
– Governor Edmund G. Brown Jr.

### **Residential High-Efficiency Toilet Rebate Program**

Did you know that HETs are water efficient toilets that use 20% less water than traditional toilets? High-Efficiency Toilets use 1.3 gallons per flush, or less!

Visit the link below and learn how you can save money and save water. Make a difference in our environment and secure the future of our next generation.
